HPC's Walk for Home 2020 Goes Virtual!

Orleans, MA – **The 2020 Homeless Prevention Council Walk for Home is going Virtual** on Saturday, June 6th. Due to current safety concerns, the walk will take a whole new turn as we transition to a virtual format, allowing us to raise awareness for HPC across the country and encouraging participation anywhere in the world!

This year's Walk with honor the memory of Winifred "Freddie" Fitzgerald, a devoted volunteer, and dedicated Board Member for over 14 years. Wendy Reveri, Freddie's daughter, is this year's Walk for Home Chair.

"Now is the perfect time to get involved to support all the people in our community. When we take care of all our citizens, our community become exponentially stronger" – W. Reveri

Join HPC on June 6th from 11am to Noon as we go **LIVE** via **ZOOM** to show how our community is having fun and giving back in some very creative ways.

For complete information on the **2020 HPC Virtual Walk for Home** please go to the [HPC Walk for Home](#) web site.

The mission of the Homeless Prevention Council is to provide case management solutions to support self-sufficiency and stability in our community of Lower Cape Cod.
